SPECIAL DIRECTIONS TO CORRESPONDENTS AND INTENDING PURCHASERS

Our Roses Delivered to Your Home, Absolutely No Cost to You for Transportation (See Order Sheet and Below Prices)

After a perusal of our catalogue we believe that you will not have the slightest difficulty in coming to the conclusion not only that we are entitled to your trade in Rose Bushes, but as well that you really cannot afford to buy elsewhere.

Our business is Roses—nothing else—fine, sturdy field-grown stock; we are growing them in enormous quantities, and we depend upon trade all over the United States; therefore we have determined to place all our friends and customers on a basis of living next door to us by delivering our Rose Bushes to them at their homes anywhere in the United States without cost to them for transportation. As our prices are not raised and are positively as low as good, reliable, field-grown stock has ever been sold anywhere, you are bound to realize that the cost of transportation comes out of our pockets.

PRICE LIST—All 25-cent Roses are \$2.75 for one dozen; two dozen for \$5.00; 100 for \$20.00. All 35-cent Roses are \$3.50 per dozen; two dozen for \$6.00; 100 for \$25.00. Dozen rates do not apply on mixed varieties.

EXPRESS CHARGES PREPAID BY US TO YOUR EXPRESS OFFICE provided not less than one dozen roses are ordered. We cannot pay transportation on stage routes, as they are usually very heavy.

NOTE—If less than one dozen roses are ordered express must be paid by buyer.

TERMS—Cash must invariably accompany orders. Our prices are very low—as low as consistent with honest treatment and first-class stock—and we cannot under any circumstances open an account or do a credit business regardless of how responsible a customer may be. Our liberal terms of prepayment and low prices will not admit of it.

C. O. D. ORDERS—We cannot send goods "collect on delivery" unless one-half the amount accompanies the order, as a guarantee of good faith, and even then the buyer must pay return charges on money. Therefore it is undesirable. We make no charges for packing, boxing or delivery to express office.

WHEN TO ORDER—Our shipping season begins the 1st of November and we ship every day up to the 1st of April. We aim to ship an order the same day that it is received. Orders are filled in rotation as received, or according to when ordered shipped. No stock is reserved. Stock thus procured direct from the growers, with no chance for deterioration or mixing of varieties, and in the highest state of freshness and vigor, is sure to give the best results and satisfaction.

SUBSTITUTIONS—As a rule we do not substitute unless given permission to do so; occasionally out of a large list of varieties called for a variety may be sold out, and on so small an item it is generally better to make a good substitution than to send order this small item short. In ordering late in the season it is always best to name a second choice—but it always is customer's privilege to order "no substitutions." We rarely have to substitute unless at the end of the season, but it is best to provide for the contingency.

MAKING OUT AN ORDER—Please write out all orders plainly. Positively be sure to sign your name to the order, and as surely give your post-office address, county and state; also express office, if different from post-office. Please keep a copy of your order, so as to check up stock on arrival. Make remittances by any of the following methods: Bank draft on Los Angeles, San Francisco, Chicago, St Louis, New York, Post-office or Express Money order; or by registered letter if foregoing are not obtainable. Please do not send stamps in payment of an order, as we have all we can use.

SAFE ARRIVAL GUARANTEED—We guarantee all stock to reach customers in good condition. Any just complaint should be made at once upon receipt of shipment. We ship to nearly every state in the Union and with our twenty years' experience in packing and shipping, we can safely agree to deliver stock to the most distant points in good condition. In case of unreasonable delay in arrival of stock ordered, notify us and send copy of order, stating when originally mailed and by what means remitted and amount.

GUARANTEE OF STOCK—We guarantee all stock sent out to be true to name to the extent that we will replace free any article which does not so prove. Every rose bush shipped between December 1st and March 15th we guarantee to grow, replacing without charge for the plants all stock which fails to grow, provided such loss is reported to us within two months from time of shipment.

This offer is NOT EQUALED BY ANY HOUSE IN THE UNITED STATES.

ADDRESS all orders and make all remittances payable to

CALIFORNIA ROSE COMPANY,

Pomona, California.

SOME OF THE REASONS WHY WE ASK YOUR TRADE IN ROSES

Firstly, we claim to be able to give you better value for your money than you can obtain elsewhere.

Our roses are Large Field-grown Plants and have bloomed profusely this season. We have no One Year Old Plants to offer.

Considering the quality and grade of our stock, the fact that we guarantee plants to grow and be true to name, and that we deliver the goods to you without cost for transportation, our prices are fully 50 per cent. lower than any house in the United States.

Our business is growing and selling roses—not a general business. We occupy a position by ourselves, as we are the only house throughout the country who can claim the distinction of being exclusive Rose Growers. If you are about to purchase a valuable piece of jewelry, you naturally go to the exclusive jewelry establishment, not to the department store handling a few odds and ends of all lines. It is reasonable to assume that you will get better value by so doing. This is a good rule to apply to other lines of purchase.

Our men in direct charge of propagating and growing roses have had from fifteen to twenty-five years' experience in the work.

We claim to have growing more Roses than any house west of the Mississippi River, and of Field-grown of the best Tea and H. T. sorts, more than any concern in the United States. We also claim to have the only large assortment including the best Tea and H. T. varieties, of exclusively Field-grown Roses, on their Own Roots, in the United States. We believe we can, therefore, justly claim to be the Headquarters for Roses.

FIELD-GROWN ROSES

Our roses are grown out of doors in the open ground; at best, pot-grown plants are of small value compared to field-grown stock. It requires but slight calculation to appreciate the value of roses grown in the open ground with plenty of room for growth and expansion of roots under liberal cultivation, over a plant grown in a pot with roots cramped and bound in hard dirt and no cultivation.

Our field-grown roses make a large growth and many sorts are cut back somewhat before shipping. Roses should generally be cut back when transplanted; it is the new wood—the new growth—which produces the flowers, and if the bush is well pruned each season, allowing the whole strength of the roots to be put forth in producing this new growth, with not too large a top to work on, the quicker plenty of blooms will be obtained and the quality improved. Our roses bloom before being sent out, and when transplanted will bloom again practically as soon as in full foliage. Tender roses, nursery grown, are out of the question in the East, as the climate will not permit of keeping them in the nursery rows during the winter. With splendid field-grown roses of the grade we offer, and at such low prices, no one can afford to plant little pot-grown plants (even if given to them), and wait a couple of years for any satisfactory bloom. People who buy green-house roses through eastern catalogues, order them because they are cheap, while if they could see the plants, or would stop to consider that they are nothing but little slips grown in two-inch pots, they would never order them, at least not when good, large, field-grown plants are to be had for only a few cents more.

WE PAY THE EXPRESS

ALL OUR ROSES ARE GROWN ON THEIR OWN ROOTS AND ARE FAR SUPERIOR TO BUDDED PLANTS

They Never Sucker or Produce Wild Roses. Impossible to Produce Anything but the Genuine Variety. They Make Shapely Sightly and Symmetrical Bushes for Lawn and Garden, and are Easily Cared For

The old Method of growing roses of distinct varieties was by "budding;" that is to say, budding the desired species onto the root of a wild rose. The most prominent rose growers of today are getting to grow roses on their own roots, fully recognizing their superiority for the garden and the lawn. With the average amateur rose grower, it is, in nine cases out of ten, a question of only a short time before "suckers" from the wild rose root of the budded plant will entirely run out the variety budded in; the planter then has nothing but a wild Manetti rose. Thousands of them have so turned out on this coast as well as throughout the country. Very often it happens that the shoot of the variety budded onto the wild root will be broken off in packing or after planting, or for some reason dies down; the plant is then entirely worthless. With an "own root" rose you may break it or cut it back clear down without harm, as in sprouting the genuine variety only will be produced. In cold sections tender sorts often winter-kill from the top down to roots; a budded plant in such a case is thereafter worthless, but not so with an own root one. Many budded plants are so ungainly, crooked and scraggly that shapely plants cannot be made out of them, and in consequence they are totally unfit for the lawn and garden. Nearly all budded roses are grown on the wild Manetti rose stock; it is natural for this stock to go dormant or partially so during the winter, and, therefore, when an ever-blooming variety is budded on this stock, it is bound to impair the blooming quality of the plant for quite a portion of the year; a rose grown on its own roots, very naturally, the roots and top will work in unison; this is an important point, especially on this coast or wherever roses can be kept in bloom the greater portion of the year.

It follows, therefore, that only professional gardeners, who thoroughly understand the science of budding and the training of budded roses, should ever undertake the planting of budded roses.

SOUTHERN CALIFORNIA GROWN ROSE BUSHES ARE LARGEST, HARDIEST AND BEST

In certain sections here we claim to have the most perfect conditions and soil for producing the best and most healthy rose bushes in the world. We have virgin soil, not exhausted and worn out by years of constant cropping, or infested by injurious insects. In short, we produce rose bushes which are in perfect health and vigor and more suitable for transplanting to all sections, including the east and south, than plants produced in those sections. It is reasonable to believe that a plant reared under every favorable condition is more robust, hardy and of better constitution than one produced in a section where it has had to combat the conditions of wornout soil, unfavorable climate, insects and pests. This is why our plants go into nearly every state of the Union and thrive.

OUR ROSES ARE GUARANTEED TO GROW

Does this proposition look as if we had faith in our plants? Do you know of any other house in the United States doing a large business who has the same faith in their stock and customers?

SUCCESS SUCCEEDS

We succeed in selling our rose bushes for the very good reason that our customers have success in making them grow and bloom. The success of our customers is primarily our success. A satisfied customer is our best advertisement. Can you appreciate, therefore, that we are bound as the prime key to our success, to do our very utmost to give the highest value for money forwarded to us, and to stand by our customers and see to it that they get complete satisfaction?

The illustrations in this Catalogue are actual reproductions from photographs, and as true to nature as it is possible for a photograph to be. There are no drawings from fancy or imagination but every cut represents a photographic view of the flower or plant in actual life and existence.

WE WISH TO EXPRESS OUR THANKS

To our many customers of the past for their liberal patronage and courteous treatment; every order is highly appreciated, be it large or small. During shipping season it is impossible to acknowledge receipt of all orders and thank customers for them. An order will convince us that you appreciate our placing this book in your hands and our work; or should it so happen that the planting of roses is impossible for you, your appreciation can be as fully demonstrated by your turning the book over to some friend or neighbour who is in position to plant, adding a word of interest from yourself. Remember that we guarantee satisfaction to all. We thank you in advance for favors you may show us.

SEE PRICE LIST, PAGE 2

**It Will Pay You to Get in Line with the Buyers Who
Know where to go for Big Values and the Best Results**

TRUTHS

KEEP IN MIND the fact that we give you large field-grown bushes which have been in full bloom all summer and that this stock has never seen the inside of a green house.

WE PAY THE EXPRESS CHARGES to your station; you simply pay the price charged for just ordinary roses, but get something of value and without cost for transportation. (See Price List, Page 2).

WE GUARANTEE safe arrival.

WHY NOT GET YOUR NEIGHBORS TO JOIN YOU and make up a **CLUB ORDER?** For so doing you may deduct \$5.00 for each \$50.00 worth; or \$2.50 for a \$25.00 order. (No deduction on less amount.) We can forward the roses as one shipment, each order tied separately.

WE REPLACE FREE IF ANY FAIL TO GROW. See Page Two for **GUARANTEE.**

ILLUSTRATIONS

(See COVER pages for following four sorts)

GLADYS HARKNESS. H. T. (A. Dickson & Son, 1900)

One of the prettiest roses in our field. Of very upright growth, much like the Hybrids. Bloom large and full, pretty, in bud and flower; color, rich cerise pink, which does not fade; very fragrant. This is truly one of the grandest roses we have ever grown. 50 cents each.

COUNTESS OF GOSFORD. H. T. (McGrady & Son, 1906)

New; of splendid growth; free and upright; foliage, pretty. One of the very high grade roses in our nursery and pleases us immensely. Produces in profusion perfect bloom, extremely pretty buds; not extra full, but delightfully graceful and always opens nicely. Color, clear salmon-pink, with base of petals saffron-yellow. 50 cents each.

WHITE KILLARNEY. H. T. (Waban Rose Conservatories, 1909)

A sport from Killarney; style of growth identical with the parent—with the same magnificent, large, long, pointed buds which has made Killarney famous over the land—and borne on long, stiff stems; the color is pure white in most sections; with us locally, however, the edges of petals are touched with pink and we notice that the bloom is considerably more full than the parent. 50 cents each.

RHEA REID. H. T. (E. G. Hill, 1908)

Originated at Richmond, Ind., 1907. Parentage, American Beauty crossed with a Red Seedling. In the municipal gardens, Bagatelle, at Paris, France, this rose was awarded the Gold Medal as the finest rose among eighty-four sorts tested. Having been tested by us for several years we find it to be a most admirable and charming rose for the garden both locally and over the northwest and southwest. Is of good robust habit, upright in growth, throws strong flowering canes, and is a most prolific bloomer; flowers of good size, full, deep; buds exquisitely moulded extremely beautiful both in bud and open flower; color, extremely rich crimson which remains fast; highly fragrant. Rhea Reid should be with YOU. 50 cents each.

WE PAY THE EXPRESS

MADAME CAROLINE TESTOUT. H. T.

(Pernet-Ducher, 1890; Madam Tartas and Mary Fitzwilliam)

(Known in Oregon as the "Portland Rose")

A most grand and distinct variety; hardy and a continuous bloomer. It is an especially valuable and desirable garden sort, being a pretty and symmetrical grower; free from disease; wood and foliage very dark in color; foliage very large and prettily marked; flowers produced on straight and stiff stems; buds and blooms large to very large, distinct and pretty in formation, with that brilliant satiny-pink coloring so pleasing to the eye, while its fragrance is delicious. 25 cents each.

SEE PRICE LIST, PAGE 2

MADAME JENNY GILLEMOT. H. T. (Pernet-Ducher, 1905)

One of the most graceful and charming things in our nursery; of nice growth; upright in habit; foliage distinct, bright and clean; a prolific bloomer; color, deep saffron-yellow with golden shadings; buds most beautifully formed and moulded and petals of the most exquisite texture; moderately full and superb both in bud or open flower. 35 cents each.

WE PAY THE EXPRESS

MRS AARON WARD. H. T. (Pernet-Ducher, 1907)

A new yellow rose of rare merit. Foliage dark and handsome; of bushy growth: floriferous. The coloring is a story which cannot satisfactorily be told in words; Indian yellow, copper and gold; at times washed with salmon-rose; flowers full and of nice substance; lovely buds for cutting. We are very glad to have stock enough of this rose this season to enable us to offer it at the low price of 40 cents each; \$4.00 per dozen.

SEE PRICE LIST, PAGE 2

GENERAL MCARTHUR. H. T. (Hill, 1905)

A meritorious rose in every way. We have tried this rose out thoroughly on our grounds and without hesitation pronounce it one of the GRAND roses. "A rose for the millions." Growth upright and symmetrical; foliage clean and pretty; bloom borne on long and substantial stems. Persists in blooming at all times and flowers good at all seasons. The color is a bright, crimson scarlet which does not fade; one of the very richest shades of red; bloom of good size; moulded and shaped right and no fault can be found with either the bud or open flower. 35 cents each.

La Detroit

LA DETROIT. H. T. (Hopp, 1905)

Of recent introduction; one of the grandest all round roses we grow—truly a “rose for the millions.” A very strong, upright grower and always in bloom; foliage clean, light green in color and pretty; color of bloom, shell pink shading to soft rose; flowers large, beautifully formed and moulded and delightfully handsome both in bud and open flower. You will be delighted with it. 25 cents each.

VISCOUNTESS FOLKSTONE. H. T. (Bennett, 1886)

A tip-top good sort in every sense of the word; one of the best all-round garden varieties, being a prime grower, clean, well-shaped and producing bounteous supply of bloom at all times; flowers large, full, splendidly formed and of nice substance and fragrance; color, a delicate transparent flesh, deepening toward the center. 25 cents each.

SEE PRICE LIST, PAGE 2

ULRICH BRUNNER. H. R. (Levet, 1882)

One of the very best roses grown, and we regard it as the best all-round rose of its class. No other sort so handsome of growth, foliage, wood, etc.; free from disease; very upright growth and free practically from thorns. Color, very rich cherry-red, with no maroon or dirty purple about it; bloom large to very large; full, of the best substance and as fragrant as anything in the rose family; borne on very long and stiff stems. A valuable feature of this sort is that while a Hybrid it is one of the very few of this class that are continuous bloomers. Very much superior to American Beauty as a garden rose. 25 cents each.

WE PAY THE EXPRESS

Souvenir du President Carnot

SOUVENIR DU PRESIDENT CARNOT. H. T. (Pernet-Ducher, 1895)

All prominent growers concede this to be strictly the grandest rose of its color produced within the last ten years. It is superbly lovely in every way and no description or illustration can do it justice on account of its delicacy of texture and coloring, as well as its perfect form. Succeeds admirably as a garden rose, is hardy and does well at all seasons of the year; a continuous and free bloomer; thrifty, upright, and symmetrical in growth, flowers of good size; buds most exquisitely formed and moulded; full and compact, opening into a most beautiful rose; in color it can be termed a most delicate rosy flesh, shaded to the prettiest rosy pink at the center imaginable; while the petals are of good substance, the texture is as fine and delicate as anything we have ever seen in a rose; flowers produced on splendid stems. 25 cents each.

J. B. CLARK. H. T. (Hugh Dickson, 1905)

Of recent introduction from Europe, and wherever it has been seen in bloom has created the strongest kind of enthusiasm. A very strong grower of almost semi-climbing habit; foliage and wood as well as style of growth resembles some of the Hybrid Perpetuals; color, extremely rich crimson, bright and dazzling and steadfast; bloom large, very full and as fragrant as many of the H. P.'s. 35 cents each.

HELEN GOULD. H. T. (Lambert, 1898)

A remarkably fine, new rose of German origin. This sort having been sold under various names when firstbrought to this country, there has been much discussion regarding it and some dispute as to its parentage, but the most authentic report points to Kaiserin X Testout. In color it resembles Mme. Caroline Testout closely—a rich, solid, bright pink; shape of buds are the ideal, and when full blown the petals reflex similar to Kaiserin. Bloom not quite so large as Kaiserin, nor have the petals so much substance, but nevertheless a most sweet and charming thing, and possessing a color rare in roses. Symmetrical in growth; a constant and prolific bloomer. 25 cents each.

CLIMBING BELLE SIEBRECHT. H. T. (W. Paul & Son, 1899)

A most lovely thing in a climber; color, solid cerise pink; beautiful in bud and flower; bloom of good size and reasonably full; fragrant; strong climbing habit. 35 cents each.

DUCHESS OF ALBANY. H. T. (W. Paul & Son, 1888.)

Quite commonly called "Red La France." This is a superb rose, resembles La France, but color of flower much deeper and richer. It is a continuous and free bloomer, producing a great abundance of the most lovely buds and flowers month after month, apparently needing little or no rest. Flower is extra large, elegant in form, full and remarkably fragrant; color, brilliant rose-pink, exquisitely shaded. 25 cents each.

GAINSBOROUGH. H. T. (Good & Reese, 1903)

Here is a good new rose and a valuable acquisition to our climbing roses—color being flesh pink. It is a sport from Vis. Folkstone and the bloom identical; flower large, very full, rich fragrance and prime substance. One of the strongest climbers. 35 cents each.

MARCH. OF LORNE. H. R. (W. Paul, 1889)

One of the very fine garden roses of recent introduction. Strong and graceful in growth; liberal foliage of rich dark color and free from disease; color, a very handsome cerise pink. 35 cents each.

MADAME LOUIS POIRET. H. T. (Seedling from Testout X. Marq Litta)

Very distinct; of very upright habit, similar to the Perpetuals, but more slender of growth; flowers of good size, full, somewhat globular, very fragrant; color, solid dark pink. 35 cents each.

MADAME LAMBARD. T. (Lacharme, 1877)

A very good rose indeed, and in considerable demand; a free grower and incessant bloomer; flowers of good size and heavy substance; color, rosy bronze, shaded with carmine, changing to salmon and fawn; shape of flower very handsome; pretty, pointed buds, the petals reflexing in the most graceful manner as it opens; fragrant. 25 cents each.

LA FRANCE. H. T. (Guillot, 1867)

We wonder if there is a lover of roses in the country who does not know and appreciate this superb old standard variety. Raised from seed of a Tea Rose. Description: Delicate silvery rose, changing to silvery pink; very large; full of fine globular form; a most constant bloomer. Highly fragrant and hardy. 25 cents each.

MRS. ROBERT GARRET. H. T. (Cook, 1899)

A cross between Sombreuil and Madame Caroline Testout; in growth it is quite similar to the latter sort. The coloring is a rich deep, yet soft shell-pink, a color hard to correctly describe and one which comes only from petals of great substance; its fragrance is very sweet. 25 cents each.

Marquise de Querhoent

MARQUISE DE QUERHOENT. T. (Godard, 1901)

Of good strong growth, making splendid bush for the garden; clean, healthy wood and persistent bloomer. Bloom of good size, prime substance, full and sweet. Color, beautiful china rose, salmon, copper and golden yellow—a combination rarely seen. 25 cents each.

AMERICAN BEAUTY (H. R.)*

Too well known to require a lengthy description. American Beauty in its prime is simply grand—a grand rose, as we all know and appreciate. In some sections, however, it does not prove a first-class garden rose and wherever grown to produce satisfactory results it requires skilled treatment and handling. 50 cents each.

*The Journal of Roses, France (Editor Pierre Cochet), claims American Beauty and Madame Ferdinand Jamin identical and to have originated by Ledechaux, Villecresnes, France, in 1875. A German Authority claims "Ferdinand Jamin originated by Pernet Ducher, 1896." Mr Anthony Cook, Baltimore, Md., claims American Beauty originated in his garden amongst some seedlings, probably about 1860-65.

Ideal

IDEAL. H. T. (Jacob Becker, 1900)

Another new variety which will appeal to the lover of good roses. Color, a beautiful shade of pink, of the La France type. 25 cents each.

GLORIE DE DIJON. T. (Jacotot, 1853)

A well-known climber of much merit; a strong grower and constant bloomer. Flowers, buff color, shading to yellow. Full and fragrant. 35 cents each.

BRIDE. T. (John May, 1885)

A sport from Catherine Mermet. Well known and highly prized everywhere. The buds are extremely large, most exquisitely shaped and moulded, very long and artistically pointed; color, white; in this immediate section and the extreme South the outer petals are tinged with rose. 25 cents each.

BESSIE BROWN. H. T. (A. Dickson & Son, 1899)

This is a prime, new rose which pleases us extremely, and, in fact, everyone who has seen it in bloom. Of strong, upright growth, good foliage and one of the heaviest bloomers. Color, white, tinged flesh; flower very large, extremely full and double, of great substance, and fragrant. 25 cents each.

WE PAY THE EXPRESS

LADY BATTERSEA. H. T. (Wm. Paul & Son, 1901)

One of the prettiest things in bud grown; long, tapering; of good substance; but one bloom on a stem; color dark red fading to rose as bloom ages. 25 cents each.

RAINBOW. T. (Dingee, 1902)

A very useful and pretty striped variety, strong and vigorous in habit. It makes fine buds and flowers of a beautiful shade of pink distinctly striped and mottled with bright crimson shaded and toned rich amber-yellow. 25 cents each.

MRS. R. G. SHARMAN CRAWFORD. H. R. (A. Dickson & Son, 1894)

One of the new roses and well liked. Upright of growth, pretty, light green foliage and blooms more than most of the roses of this class; flowers large, full and highly fragrant; color, a delicate shade of pink. 35 cents each.

PAPA GONTIER. T. (Nabonnand, 1883)

A splendid grower and makes a shapely and handsome bush. It produces the most perfect shaped, lovely buds imaginable and of the deepest glowing crimson color. 25 cents each.

ANNY MUELLER. P. (Schmidt, 1907)

Introduced as the "Pink Baby Rambler." Good for bedding and is entirely hardy. 25 cents each.

PRINCE CAMILLE DE ROHAN. H. R. (E. Verdier, 1861)

Well known in most sections, and very highly prized as being one of the very darkest, rich, velvety red roses in existence; has been sold quite extensively under the name of "Black Prince." We think the coloring as good and rich as Meteor; a fine symmetrical grower and prolific bloomer of its class; will do well in all sections; flowers large, very full, of great substance and fragrance. 25 cents each.

CLIMBING MAIRE GUILLOT. T. (Good & Reese, 1897)

(This rose has been sold under various names, notably President Cleveland and Frances Willard.) Identical with Marie Guillot, except its strong climbing habit. Pure white; bloom very large, solid and full. Does best in the hot sections of the South. 25 cents each.

GLORIE DE MARGOTTIN. H. R. (Margottin, 1887)

A most valuable hardy rose; of splendid growth, liberal dark green foliage; color, extremely brilliant scarlet—live and lasting; flowers large, reasonably full, globular, of good shape, pretty in bud, extremely beautiful, distinct and attractive when open; borne on very long stems. 25 cents each.

ETOILE DE LYON. T. (Guillot, 1881)

One of the best and most beautiful yellow Tea roses for general planting. Of good constitution; in fact, one of the very hardiest of the Teas, and with proper care will bloom the entire year. Flowers nearly as large as Marechal Niel, perfect in form, fragrance, full and beautiful in coloring. 25 cents each.

Climbing Killarney

CLIMBING KILLARNEY. H. T. (Geo. Reinberg, 1908)

A sport from the well-known and popular bush rose Pink Killarney. Bloom identical with the parent; growth of strong climbing habit. 50 cents each.

PINK FRAU KARL DRUSCHKI. H. R. (California Rose Co., 1910)

This is a sport from Frau Karl Druschki and originated with us; the style of growth and wood is identical with the parent, but the bloom being a distinct, clear and pleasing shade of deep pink; bloom large, full and of delightful fragrance. 75 cents each.

RUTH VESTAL. T. (Vestal & Son, 1908)

(Climbing Bride)

A bud variation from Bride and identical with this sort in all ways excepting its vigorous climbing habit. 35 cents each.

WE PAY THE EXPRESS

PRINCE DE BULGAIRE. H. T. (Pernet-Ducher, 1902)

Raised by Pernet-Ducher, France. We have been growing this rose since it was first introduced, and we like it better each year. Style of growth somewhat bushy; foliage of medium size and bright green in color. A persistent and constant bloomer; flowers large and full, behaving in a most charming manner at all times and in all stages of development—and is a perfect bloom to the last. Color of delicate pink, shading to salmon and tones of yellow. First Prize Paris Exposition. 25 cents each.

SEE PRICE LIST, PAGE 2

WHITE MAMAN COCHET. T. (Cook, 1898)

A most charming new and lovely rose of American origin; a sport from that grand rose, Maman Cochet; style of growth and flower identical with its parent; full, firm, long, large buds; the photograph shows a full blown flower; this variety is already being planted for cut flowers and as a garden sort is going to take front rank. Like its parent, both buds and flowers are of enormous size produced on splendid stems and of the best quality for cutting; the color is a beautiful snow white, at times tinged with the faintest suggestion of blush. Plant Maman Cochet and White Maman Cochet and you will possess flowers to revel over. 25 cents.

WE PAY THE EXPRESS

ANTOINE RIVOIRE. H. T. (Pernet-Ducher, 1906)

A new rose of much merit and value for garden culture; a handsome, clean and vigorous grower and profuse bloomer. Color, rosy-flesh, on a yellow ground, often shaded with a border of carmine; flowers of extra large size, delicately formed and moulded and open in the most charming manner, petals reflexing and rolling back not unlike a Camelia blossom. 35 cents each.

CLIMBING KAISERIN AUGUSTA VICTORIA. H. T. (A. Dickson & Son, 1897)

This is easily the grandest climbing white Rose extant,—and although we produced the first field stock of it in the country and have grown it in a large way ever since, we have never had sufficient stock to supply the full demand heretofore; this season we hope to do so. Bloom is identical with the parent plant (Kaiserin); of extremely strong climbing habit; we have seen it make shoots of fifteen feet in a season; this is one of the very few roses strictly GOOD AT ALL TIMES—regardless of the season of the year. 50 cents each.

WE PAY THE EXPRESS

MADAME MINA BRABANSON. H. T. (Soupert & Notting, 1901)

A seedling from Madame Caroline Testout and Madame Chatenay. One of the newer Hybrid Teas of merit. Of good, sturdy growth, upright, clean; bloom large, very full, of much substance, of good style and borne on unusually good strong stems; color, soft shell pink. 25 cents each.

METEOR. H. T. (Geschwindt, 1887)

This extremely distinct and valuable variety is well known in most every garden and all cut flower establishments. It is one of the very brightest colored deep red roses in existence, and one of the few which seems to be able to hold its grand coloring under all conditions and circumstances. It is a rich, dark velvety crimson color; a constant bloomer, generally in full flower when many of the highly prized sort are doing but little; flowers very double and compact and borne on good stems, especially adapted for cutting. Very fragrant. The only point against this rose is that it cannot always be depended upon to open good during the coldest weather; it requires heat and plenty of it; the flowers are truly grand. 25 cents each.

MRS JOHN LAING. H. R. (Bennett, 1887)

A most beautiful rose of long standing popularity, and finds a place in nearly all choice collections. A seedling from "Francois Michelin;" soft pink, large and of fine form, produced on long, strong stems; exceedingly fragrant and flowers continually when grown as a garden rose. 35 cents each.

MAMAN COCHET. T. (Cochet, 1893)

Justly very popular—and now very well known. Originated in France. The general style of growth and bloom of Maman Cochet and White Cochet are entirely identical—rather spreading; the growth is strong and bloom produced on long stems, making it desirable for cutting. The foliage, tough and leathery, and no rose grown we might say is more free from mildew or disease than the Cochets; bloom large, to very large, extremely full, long and pointed; color, clear pink. 25 cents each.

CLIMBING PAPA GONTIER. T. (Cherrier, 1904)

Identical with its parent (Papa Gontier), except of strong climbing habit. It is very essential that a climbing rose possess good, clean foliage—free from mildew—and there is hardly anything in the rose family with foliage more exempt from mildew or disease than this sort. Will succeed nicely, given any exposure desired, or partial shade. A valuable addition to the list of climbing roses. 50 cents each.

HUGH DICKSON. H. R. (Hugh Dickson, 1904)

A prime acquisition to the family of Hybrid Perpetual roses. One of the most robust growers—both as to wood and foliage and unlike many of our good Hybrids, it seems to be free from rust and mildew—an important point. Bloom of extra good substance, rich in fragrance; large and very full and of a most pleasing bright and clear red—free from purple or maroon. 35 cents each.

YELLOW BANKSIA. Banksia (Damper 1823)

Same as White Banksia excepting color, which is yellow. 25 cents each.

YELLOW PRESIDENT CARNOT (California Rose Co., 1910)

**A Bud Variation from Sou. du President Carnot
The New Yellow Hybrid Tea Rose**

The plant is inclined to be rather more symmetrical in growth than the parent; with lighter green foliage, which is entirely clean and free from black spot. Bloom of the same superb style and texture as Carnot with a tendency to hold in bud longer and carry better; produced on perfect stems. The color is a solid, perfectly clean, live waxy golden yellow; free from all muddiness or apricot tints. Promises to be an ideal garden rose and one of the most valuable acquisitions to our very limited stock of really good yellow varieties. 50 cents each.

WE PAY THE EXPRESS

WELLESLEY. H. T. (Waban Rose Conservatories, 1905)

A seedling from Liberty crossed with Bridesmaid. Originated at Natick, Mass. This rose has come to stay with us in all sections where good roses can be grown out of doors. We place it amongst our best Hybrid Teas. Of good growth, upright; clean; flowers borne on good stems; a free bloomer; flowers large, of great substance, and buds beautifully formed, opening to a grand full rose of silvery-pink color hard to beat. 25 cents each.

SEE PRICE LIST, PAGE 2

REINE MARIE HENRIETTE. T. (Levet, 1873)

Seedling from "Mme. Berard," fertilized by "Gen. Jacqueminot." A strong grower, constantly in bloom and very free. The flowers are of enormous size, exquisitely shaped, both as to bud and flower, and richly Tea-scented. The color is marvelously rich and glowing crimson, and retains its color far better than the average rose. We have cut flowers of this variety which were as perfect in every way as any rose we have ever seen. Where the climate will permit of its being grown, it will positively give the very highest satisfaction. Not free from mildew. 25 cents each.

IVORY. T. (White Golden Gate, American Rose Co., 1903)

This new rose is a sport from the well-known rose "Golden Gate." Color, ivory white; seems to be identical with its parent except in color. 35 cents each.

CLIMBING WOOTON. H. T. (Dingee, 1899)

It is a sport from the well-known lovely rose of American origin, "Souv. de Wooton," and the Climbing Wooton has the same large, deep crimson, beautifully shaped and exquisitely perfumed flowers, one of the healthy, vigorous and clean growers of the rose family, making shoot of from ten to fifteen feet in a season; petals of great substance; deliciously tea-scented; beautiful both in bud and bloom. 35 cents each.

CLIMBING MALMAISON. B. (Bennett, 1893)

Bloom identical with Souvenir de la Malmaison; a constant and free bloomer; perfectly hardy in cold sections; an unusually strong climber like nearly all Bourbons; it is very fragrant. 25 cents each.

CATHERINE MERMET. T. (Guillot, 1869)

One of the loveliest roses. Flowers very large and globular, the petals being recurved and showing to advantage the lovely bright pink of the center, shading into light, creamy pink. In bloom constantly. 25 cents each.

DUCHESS DE BRABANT. T. (Berriede, 1857)

One of the most persistent bloomers in the rose family; foliage and wood of light green, quite distinct; a thrifty grower and not subject to disease. Flowers cup-shaped; color, a lovely shade of soft, rosy flesh, deepening to a warm pink and bright rose; petals most delicate and wax-like, nearly transparent; one of the most distinct in the rose family. 25 cents each.

CLARA WATSON. H. T. (Prince, 1894)

A new ever-blooming rose of English origin; of good, robust growth and healthy; flowers of large size, good form and rich fragrance; the color is blush pink with a shading of yellow at the base of petals. This is one of the grandest roses we grow and cannot be praised too highly. 25 cents each.

DOROTHEA PERKINS. P. (Perkins, 1902)

A new rose, praised very highly in the East, where it originated. Of crimson Rambler type, but much prettier foliage and free from mildew; color, a pretty pink. A strong climber. 25 cents each.

DUCHESS DE AURSTAEDT. T. (Bernaix, 1888)

Yellow climber; very large, double and full; strong grower, nice foliage; color, clean golden yellow without muddiness or fawn. 50 cents each.

ORIOLE. H. T. (California Rose Co., 1910)

Our own introduction. So good that we are proud of offering it to the home owners of the country. Especially adapted to garden culture, being of good foliage, upright, clean and symmetrical in growth, and is hardy enough to withstand most any condition where ever-blooming roses are planted. Foliage and wood light green in color; wood fairly smooth; a persistent bearer of the best quality of flowers which with us have never blighted or come ill-shaped; charming buds and retains its shape unusually well, but when well matured, opening freely; quite deep, reasonably full, petals broad, of splendid substance; texture very satiny and delicate; true Tea fragrance; color, golden yellow, clean and clear, with no fawn or muddiness at any time; a lustrous, live color not common in yellow roses. 35 cents each.

SEE PRICE LIST, PAGE 2

PERLE VON GODESBURG. H. T. (Schneider, 1902)

This new rose is identical in growth, style and make-up with Kaiserin and produces the same magnificent, large exquisitely shaped bloom; the color however is lemon yellow. 35 cents each.

WE PAY THE EXPRESS

HELENE GAMBIER. H. T. (Pernet, 1896)

A charming new rose of French origin; hardy and a continuous and free bloomer; a free grower, making a shapely, compact bush; flowers of good size, of splendid substance and lasting; color, copper-yellow to deep amber-yellow, changing to lemon-yellow in outer petals, making a pretty and striking combination. A splendid garden sort. 25 cents each.

SEE PRICE LIST, PAGE 2

MADAME LEON PAIN. H. T. (Guillot, 1904)

Of recent introduction from Europe—and so good that it is a pleasure to grow it and to place it in the hands of our friends and customers. Of good robust growth, pretty dark colored foliage; bloom large, full and free in opening; very handsome bud; color, silvery salmon, with center orange yellow; reverse tinged with red and yellow. 35 cents each.

WE PAY THE EXPRESS

ETOILE DE FRANCE. H. T. (Pernet-Ducher, 1905)

A new French rose which has now become one of the popular rich red roses for garden culture. It is certainly a most grand and charming rose in all ways. It is a good and clean grower; upright in habit; foliage good and nice dark green in color; the bloom is produced continually; is of large size, full and borne on good long and stiff stems; the color is a most charming shade of rich velvety crimson and does not fade; is highly fragrant. 25 cents each.

AUGUSTINE GUINOISEAU. H. T. (White La France, Guinoiseau, 1889)

A grand rose for universal planting, especially adapted to garden culture, doing well seemingly under all conditions; it is an exceedingly profuse bloomer for the entire year; color, a delicate soft flesh, at times almost pure white; flowers large, full, of good substance and highly fragrant. 25 cents each.

XAVIER OLIBO. H. R. (Larcharme, 1864)

One of the very darkest, rich velvety Hybrids, and as is the case with nearly all this class of roses, the bloom is very large, full and highly scented. Foliage extra large, robust and rich in color. 25 cents each.

CLIO. H. R. (Wm. Paul & Son, 1894)

Of vigorous growth and good foliage, flowers very large, of fine globular form and freely produced; color, flesh, shaded in center to rosy pink. Style of growth similar to Baron Rothschild, which variety it rivals as an exhibition rose. 25 cents each.

BURBANK. Bourbon. (Burbank, 1900)

A rose of California; produced by the "Wizard of Horticulture," Mr. Luther Burbank. A hardy, strong and vigorous grower, bushy in habit; a constant and heavy bloomer; flowers of medium size, full and fragrant; color, a pleasing shade of pink. 25 cents each.

HERMOSA. Bourbon. (Manchesan, 1840)

One of the oldest roses; hardy and well known. Of busy, compact growth; clean foliage; flowers medium sized, full and fragrant. Color, pink. 25 cents each.

COQUETTE DE LYON. T. (Ducher, 1871)

A very pretty canary yellow; a good clean grower and constant bloomer, the bloom always seeming to be produced in the most perfect condition. Valuable for bedding and very desirable in a collection of roses. 25 cents each.

GLORIE DES ROSAMONES. B. (Ragged Robin, Vibert, 1825)

A wild rose well known in this vicinity; and planted considerably on account of its brilliant colored bloom and strong growing qualities; flowers single. 25 cents each.

ELI BEAUVILLIAN. T. (Beauvillian, 1887)

One of the strong growing Climbing Teas. Color, salmon, fawn; bloom of good size; full. Continuous bloomer. 25 cents each.

**Gruss an Teplitz****GRUSS AN TEPLITZ. H. T.**

(Geschwindt, 1897)

One of the brightest colored roses extant, of peculiar lasting qualities, retaining its magnificent vivid, rich, fiery red coloring even during the hottest summer weather. A handsome, clean grower; pretty foliage. Flowers of good size and continuous bloomer. 25 cents each.

CHEROKEE SINGLE

(White Cherokee Native of S. C.)

A distinct and beautiful climbing rose of merit. A most vigorous and clean grower, entirely free from disease. Flowers large, clear white and single, full of bright yellow stamens in the center, making a very attractive appearance; foliage distinct and one of the valuable features of the plant; its color is a very rich, dark glossy green; surface smooth, always bright and shining and free from dust. Will cover a porch quickly; very valuable for screens, fences, arbors, etc. 25 cents each.

PINK CHEROKEE SINGLE

A Hybrid between *Rosa Levigata* (Cherokee) and *Rosa Indica*; introduced into Europe from Formosa 1887. Growth, foliage, etc., as well as general style of bloom similar to the White Cherokee; bloom however beautiful dark pink, gradually toning to lighter shades as flowers age. 40 cents each. \$4.00 dozen.

CLIMBING CECIL BRUNNER. P. (Originated at Riverside, Calif. 1901)

Easily the most charming and popular of the Polyantha roses. Very robust and one of the strongest climbers in the rose family. Hardy and suitable for all sections. 50 cents each.

PRINCESS BONNIE. T. (Dingee, 1897)

Of very robust growth and upright; a heavy bloomer; color, bright crimson at all times; very pretty in bud; not very full. 25 cents each.

JOHANNES WESSELHOFT. H. T. (Welter 1899)

Generally catalogued as "Joanne Wessenhoff". The style of growth is similar to Kaiserin—upright and symmetrical; as hardy as La France; persistent bloomer; the color varies according to section where grown, from rich yellow to canary and lemon-yellow; buds exquisitely formed and texture most beautiful; broad petals which reflex and make the ideal half-bloom flower. 25 cents each.

Kaiserin Augusta Victoria

SEE PRICE LIST, PAGE 2

KAISERIN AUGUSTA VICTORIA. H. T. (Lambert & Reiter, 1891)

(See illustration opposite page)

This is easily the grandest and most beautiful white ever-blooming rose extant; we can say this with no fear of being contradicted by anyone competent to speak. Although a Hybrid Tea and hardy for cold sections, it is one of the very best bloomers in the rose family, through the entire year; it will produce half a dozen or more blooms to one of *Bride*, a far better grower, flowers produced on better and longer stems and the color more satisfactory; there is not the slightest greenish tinge in the bloom; it is, in fact, a most clear, shining, lustrous white, with just enough of the lemon cast in the center to make it perfect; the foliage is a marked contrast to some of the best Tea sorts, being large, profuse and healthy; although grown extensively under glass, it is essentially a garden rose "for the people." It is equally handsome in bud or open flower; the flowers are very large, and although it opens wide and full, petals reflexing and rolling back to the stem, the center is not shown; the petals reflex, curve and roll back as it opens until the appearance is strikingly like a perfect bloom of the *Camelia*; petals of thick leathery substance; highly perfumed. 25 cents each.

ANNE DE DIESBACH. H. R. (Larcharme, 1859)

(Glory of France)

Well known; a good hardy variety. Flowers extremely large, full and fragrant; color, a beautiful shade of carmine rose. 25 cents each.

CLIMBING METEOR. H. T.

A sport from *Meteor*. Of robust climbing habit, a constant and free bloomer, perfectly hardy and free from disease; as to coloring, there is no richer, velvety crimson in the rose family. Should be planted where it will get the sun all day, if possible. 35 cents each.

KILLARNEY. H. T. (A. Dickson & Son, 1898)

Distinct, of English origin; growth upright and strong; bloom of good size; not very full; very handsome in bud; graceful and unique when full bloom. Color solid pink. 25 cents each.

PAUL NEYRON. H. T. (Levet, 1869)

Very well known and popular; said to produce the largest flowers of any rose in existence. A seedling from Victor Verdier, fertilized by *Anne de Diesbach*; a handsome, upright grower, producing a flower at the end of every long, stiff stem, similar to *American Beauty*; color, deep rose; a free bloomer. 25 cents each.

MADAME ALFRED CARRIERE. Hybrid Noisette. (Schwartz, 1879)

One of the fine, light-colored climbing roses. A strong grower, good foliage and good bloomer. Flowers of good size, very double and deep, highly fragrant; color a rich creamy white, tinged with blush and pale yellow. 35 cents each.

ADMIRAL DEWEY. H. T. (J. H. Taylor, 1899)

The originator's description is as follows: "Delicate blush pink, shading to white, globular, expanding into a full flower without showing center." A sport from *Madame Caroline Testout*, and a very free bloomer. 35 cents each.

Climbing Testout

CLIMBING MME. CAROLINE TESTOUT. H. T. (Chauvry, 1902)

A sport from the bush sort of the same name; bloom identical with its parent. One of the strongest growers in the climbing family of roses. A plant of this in full bloom is one of the most pleasing sights we know of in the way of a climbing rose; bloom is very large; color, a solid cerise pink and does not fade. Highly fragrant. 50 cents each.

DEFIANCE. H. T. (E. G. Hill Co., 1907)

One of the newest roses valued for bedding; growth bushy and compact and a good bloomer; rich dark red. 25 cents each.

MRS. DAVID JARDINE. H. T. (A. Dickson & Son, 1908)

From Ireland. Color, bright rosy pink, shaded to salmon-pink on the outer petals; flowers of good size, substance and fragrance. 35 cents each.

WM. ASKEW. H. T. (Guillot)

Carmine pink; a very large, full and fragrant rose which promises to become popular in the garden. 25 cents each.

CLIMBING DEVONIENSIS. T. (Pavit, 1858)

Identical with the bush sort in habit of growth. Often called the "Magnolia Rose" on account of its delicate perfume. Bloom of nice size, perfectly formed and moulded; of the most beautiful texture; color, creamy white, delicately flushed with pink. 25 cents each.

WM. ALLEN RICHARDSON. N. (Ducher, 1878)

A very pretty climbing rose and good grower; color, copper yellow, flushed with carmine; flowers of good size. 35 cents each.

SEE PRICE LIST, PAGE 2

FRAU KARL DRUSCHKI. H. R. (Lambert, 1900)

A most grand rose of recent introduction. A strong grower with clean, light-green, very pretty foliage. This is another prime acquisition to the Hybrid class on account of its splendid blooming qualities; producing beautiful flowers when such sorts as "Jack," Prince Camille de Rohan, Clio, etc., are doing nothing. Flowers are very large, deep, full of exquisite substance and texture and very fragrant. Color, pure waxy white. 50 cents each.

WE PAY THE EXPRESS

MADAME WAGRAM. H. T. (Bernaix, 1895)

In this sort we have the very best all-round distinctly pink, constant-blooming, climbing rose grown, a rose for the people everywhere; a heavy and constant bloomer and at the same time hardy. An enormous grower, good foliage and free from disease. Color, a most charming semi-transparent, clean, solid pink, which does not fade out to a dirty cream pink. Flowers large, full and double; buds of charming form—fragrant. Sure to please **YOU**. 35 cents each.

SOUVENIR DE WOOTEN. H. T. (Cook, 1890)

Produced by the famous rose grower, Mr. John Cook, from seed of Bon Silene, fertilized with Louis Van Houtte. A splendid grower and free from disease; the flower is large and full; petals heavy and of great substance. The color is a beautiful shade of carmine crimson, oftentimes as dark as the well-known "Jack" rose. Altogether, one of the best red sorts and is becoming more and more popular wherever known. 25 cents each.

GENERAL JACQUEMINOT. H. R. (Roussel, 1853)

This grand old variety is too well known to require a description at length. One of the very best growers and easiest of cultivation; never failing to produce a fine crop of rich, dark red flowers. Its fragrance is lasting and delightful. 25 cents each.

EARL OF DUFFERIN. H. R. (A. Dickson & Son, 1887)

Color, rich, brilliant, velvety crimson, shaded with dark maroon; large, full and superbly formed; the most delightful fragrance imaginable. 25 cents each.

BRIDESMAID. T. (Moore, 1893)

Of American origin; a sport of C. Mermet, possessing all the good qualities of the parent variety, but surpassing it in color, being a more deep, brilliant pink, and constant in color under all conditions. Flower very large, full, perfect shape, fragrant and a constant bloomer. 25 cents.

HELEN GOOD. T. (Good, 1906)

A sport from Maman Cochet, resembling that sort very closely in habit and foliage while the color is a distinct shade of pink and very pretty. 25 cents each.

REINE OLGA WURTEMBERG. H. T. (Nabonnand, 1881)

A climbing rose of much merit; if you have visited the south of France, you have seen them in their "glory," making beautiful thousands of homes. Flowers large, very double and full, splendidly formed and of very rich deep red color. The only objection to this rose is that it is not a constant bloomer. 25 cents each.

MARECHAL NIEL. N. (Pradel, 1864)

Said to be a seedling of "Isabella Gray." Globular and of the most delightful and lasting fragrance; color, deep, rich yellow. It should not be pruned. 50 cents each.

JUBILEE. H. R. (Henderson, 1897)

One of the very richest velvety dark red sorts in the Hybrid family; luxurious in growth and clean; one of the best bloomers of its class. 25 cents each.

MARIE VAN HOUTTE. T. (Ducher, 1871)

Of a beautiful straw color, with outer petals edged with bright rose; occasionally the entire flower is suffused with light pink. Flowers large, very full and fragrant. In every way a most charming and satisfactory garden rose. 25 cents each.

SEE PRICE LIST, PAGE 2

Madame Abel Chatenay

MADAME ABEL CHATENAY. H. T. (Pernet-Ducher, 1895)

A good rose which is being extensively grown; on account of its fine growing qualities, hardiness and freedom of bloom, it makes a valuable garden sort. Flowers of good size and beautifully shaped and moulded; the buds are exquisite; the color is a beautiful creamy rose, shaded with rose vermillion and tinged with salmon; the base of petals being highly colored. 25 cents each.

MADAME DE VATRY. T. (Guerin, 1855)

One of the older good all-round roses; upright and symmetrical; bloom large and full; color, dark red, changing to silvery pink. 25 cents each.

WE PAY THE EXPRESS

Winnie Davis

WINNIE DAVIS. H. T. (Nanz & Neuner, 1902)

A new rose of rare merit and one of the prettiest Hybrid Teas grown. A valuable garden sort, making a neat, strong and upright bush, wood and foliage healthy and clean; a profuse bloomer. Bloom of good size, buds extremely pretty, close and well formed; not so full as to be heavy and ungraceful, but graceful and charming; color, a clean and pretty apricot pink. This variety produced by a cross between Kaiserin and Belle Siebrecht. 25 cents each.

DEAN HOLE. H. T. (A. Dickson & Son, 1904)

Silvery carmine, shaded salmon; large, full and of fine form; one of the real grand roses. 50 cents each.

SEE PRICE LIST, PAGE 2

Harry Kirk

HARRY KIRK. T. (A. Dickson & Son, 1907)

Deepest yellow, passing to lighter shades at edge of petals; large, full and beautiful form; buds long and elegant; free bloomer. Gold medal Rose. 75 cents each. \$8.00 per dozen.

MAY MILLER. H. T. (Hill, 1910)

Strong growing; free flowering; fine foliage, free from disease. Buds long and beautifully shaped, opening into a flower of unusual beauty and character; back of petals copper and bright pink; upper surface peach and apricot, with the tones of the Lyon Rose. 50 cents each.

BARDOU JOB. Bourbon. (Nabonnand, 1887)

One of the most showy of roses. The growth is so strong and robust that it is almost a climber; hardy, foliage liberal, large and leathery and resists disease; flowers are very large, saucer shape; semi-double; color, deepest velvety crimson; extremely showy for decoration. 25 cents each.

Wm. Shean

WM. SHEAN. H. T. (A. Dickson & Son, 1906)

Purest pink; petals shell shape, four or five inches long; immense size and perfect form and substance; very highly prized. 50 cents each.

BUTTER-CUP. T. (California Rose Co., 1908)

This is a new climbing rose produced here in Southern California. A seedling from some unknown sort; of good climbing habit; pretty, light-colored foliage; a free bloomer; flowers of nice size, very prettily shaped and moulded; color, butter-cup yellow; very delicate. 25 cents each.

JAMES SPRUNT. Bourbon. (Sprunt, 1858)

A strong, robust and constant bloomer; foliage dark, medium size and profuse; flowers of medium size, very double, full and fragrant; color, very rich cherry-red, making a most charming sight. 25 cents each.

CRIMSON RAMBLER. P. (Turner, 1893)

So widely advertised and planted during the past few years, that it is now well known. An enormously strong and rapid climber, and perfectly hardy for the coldest sections. Flowers produced in pyramidal panicles, carrying from thirty to forty blossoms; flowers bright crimson and of small size. 25 cents each.

SEE PRICE LIST, PAGE 2

Madame Gamon

MADAME GAMON. T. (Gamon, 1906)

Apricot-yellow, shaded with gold; beautiful buds and full blown flower; a good clean grower, upright and flowers produced on prime stems; one of the prime ones for decorative purposes. 35 cents each.

LAMARQUE. N. (Marechal, 1830)

For a climbing white, continuous blooming rose this has been the best up to the time of the production of the climbing Kaiserin Augusta Victoria. It is still a grand sort in all ways, but is not hardy as "Kaiserin." In nearly all sections where the winter temperature will admit, Lamarque has been grown and is well known. Will stand perfectly in the Pacific Coast States and the South. 25 cents each.

BEAUTY OF GLAZENWOOD. Commonly called "Gold of Ophir." (Fortune 1845)

A distinct and grand climber; of very rapid growth and not subject to disease; color, a combination of copper, carmine and salmon-yellow—most varied in its shadings and markings; flowers nearly single and produced in the most wonderful profusion during the spring months; a plant in full bloom with its perfect mass of varied colorings is one of the prettiest sights imaginable. 25 cents each.

WHITE BANKSIA. Banksia. (Lady Banks, 1807)

Well known, distinct and valuable as a rapid growing climber; valuable for covering arbors, ragged hedges, walls, trunks of trees; thornless; flowers white and very small, but borne in great profusion. 25 cents each.

PERLE D'OR. Pol. (Rambeaux, 1884)

The Yellow Baby Rose. Nankeen-yellow with orange center; buds very full and beautiful. 35 cents each.

WM. R. SMITH. T. (Smith, 1908)

A seedling from Kaiserin and Maman Cochet. This rose has been sold under various names, including "Chas. Dingee", "Jeanette Heller", "Maiden's Blush", etc. Color, a blending of salmon-pink, rose and tints of flesh; bloom beautiful both in bud and open flower; large, full, fragrant and constant bloomer. 35 cents each.

MADAME JULES GROLEZ. H. T. (Guillot, 1897)

Similar in style of growth and foliage to Kaiserin; color cherry-red; valuable. 35 cents each.

LADY HILLINGDON. T. (Lowe & Shawyer, 1910)

A very striking and lovely rose. Long, slender pointed buds of beautiful deep apricot and chrome yellow; free flowering; very decorative. 50 cents each.

MILDRED GRANT. H. T. (A. Dickson & Son, 1901)

Silvery white; edge of petals sometimes shaded pink; large size, very full, high pointed center; produced on strong stems; of much substance; fragrant and grand. 35 cents each.

MELODY. H. T. (A. Dickson & Son, 1911)

Deep saffron-yellow; at times primrose at edge of petals. Bloom of splendid form and substance. 50 cents each.

CHATEAU DE CLOS VOUGET. H. T. (J. Pernet-Ducher, 1908)

One of the very darkest velvety-crimson roses in existence; bloom large, finely shaped, full and prime fragrance. 35 cents each.

BETTY. H. T. (A. Dickson & Son, 1905)

Coppery-rose, shaded golden-yellow; large, full and admirable form flower and beautiful shaped buds. Of sterling merit. 50 cents each.

MADAME RAVARY. H. T. (Pernet-Ducher, 1900)

A good yellow bedder; long slender buds opening to large double flowers with orange yellow centers; very decorative. 35 cents each.

QUEEN SCARLET. B. (Hallock, 1880)

A splendid variety where a hardy, constant blooming, rich red rose is desired; a strong and thrifty grower and a most profuse bloomer for the entire year; flowers of medium size, full and fragrant; color, a bright scarlet which remains constant. 25 cents each.

MRS. G. W. KERSHAW. H. T. (A. Dickson, 1906)

Very long pointed buds produced on fine stems; color, brilliant and intense pink. 50 cents each.

CHROMATELLA, OR CLOTH OF GOLD. N. (Coquerreau, 1843)

A most lovely, clear bright yellow climbing rose. Very full and double, beautifully formed buds and flowers; very fragrant. Similar to Marechal Niel; a better grower but not quite so profuse a bloomer or so rich in coloring. Valuable. 25 cents each.

CLIMBING BRIDESMAID. T.

Identical with its parent (Bridesmaid) except the climbing habit. 35 cents each.

SEE PRICE LIST, PAGE 2

Sunburst

SUNBURST. H. T. (Pernet-Ducher, 1912)

The most widely advertised rose of the year and awarded the highest merits in every exhibition abroad. Long pointed buds; strong stems; vigorous; very large and full; color, orange and copper. \$1.00 each.

F. R. PATZER. H. T. (A. Dickson & Son, 1909)

Creamy-buff; back of petals delicate warm pink; as petals reflex the color becomes light orange pink; flowers large and of prime substance and perfect formation. 50 cents each.

CONRAD F. MEYER. Rugosa. (Froebel, 1900)

Clear silvery rose; bloom very large, double and cup-shaped; highly fragrant; perfectly hardy and free from disease; free bloomer. 50 cents each.

MISS KATE MOULTON. H. T. (J. Monson, 1906)

One of the finest garden roses; color soft shell-pink with the reverse of petals deeper tones; very pretty and liberal foliage. 35 cents each.

SENATEUR MASCOURAND. H. T. (Pernet-Ducher, 1909)

Vigorous and erect grower; flowers full, large and globular; color, deep orange center toning to lighter shades at edge of petals. 50 cents each.

Olivia

OLIVIA (Hill, 1907)

Deep rosy-red; bloom full borne on nice stems. A prime bedding variety. 50 cents each.

MRS. THEO. ROOSEVELT. H. T. (Henderson, 1908)

Creamy white with rose colored center; buds long and pointed; bloom large and full; of splendid form and substance; heavy bloomer. 50 cents each.

CLIMBING FRAU KARL DRUSCHKI. H. R. (W. Lawrenson, 1906)

Bloom identical with the parent plant the bush sort of same name. 75 cents each.

SOLFATERRE. Noi. (Boyau, 1843)

Sulphur-yellow climber. 25 cents each.

LADY MARS. T. Climber. (Calif., Rose Co., 1909)

A new climber of real merit; clean foliage, of strong climbing habit and a constant producer of handsome, well formed, very full flowers; color, buff-yellow, suffused with apricot and fawn. 50 cents each.

MY MARYLAND. H. T. (Cook, 1909)

One of the new, American roses which is proving highly popular on this coast and in the southwest. Robust and clean in growth and a prolific bloomer at all times; color, intense glowing pink; bloom large and full and produced on good stems. 50 cents each.

SEE PRICE LIST, PAGE 2

Lyon Rose

LYON ROSE. Pernetiana (Pernet-Ducher, 1907)

Shrimp pink at edge of petals; center coral red shaded with chrome-yellow; a most distinct and charming combination. One of the most magnificently formed roses we grow, which together with its superb coloring, grand substance and sturdy growth gives us a rose belonging up near the head of the list. Heavy three year old plants \$1.00 each.

REVE D'OR. Noi. (Ducher, 1869)

One of the grandest climbing roses; a splendid robust climber with the very best of foliage; a good plant will soon go to the top of a two-story house and cover spaces proportionately large the other way; such a plant in full bloom, with its graceful flowers of delicate coloring, is a charming sight. Color, apricot-yellow with orange and fawn tints; petals of superb and delicate texture; flowers moderately full; always pretty and graceful whether in bud or full open; a very profuse bloomer. 35 cents each.

FRANZ DEEGEN. H. T. (Hinner, 1901)

Pale yellow; center golden in cool weather. 35 cents each.

GOLDEN GATE. T. (Dingee, 1892)

Rich creamy-white with base of petals pale yellow. 25 cents each.

Richmond

RICHMOND. H. T. (E. G. Hill, 1905)

Originated at Richmond, Ind. One of the extremely fine, free flowering, large, crimson-scarlet roses. Bloom of good size, deep, not very full; beautiful shaped buds. Is grown extensively for cut flowers under glass. 50 cents each.

DOUBLE PINK KILLARNEY. H. T. (R. Scott & Son, 1911)

A sport from Killarney; rather more full and liked by many better than the parent. 50 cents each.

RAYOND'OR. Hyb. Austrian Briar. (Pernet-Ducher, 1910)

Deep-yellow and copper; changing to sun-flower yellow when flowers fully expanded; buds often streaked with orange and scarlet bars. \$1.00 each.

CLIMBING HELENE GAMBIER. H. T. (Calif. Rose Co., 1911)

A true sport from the bush sort Helene Gambier and bloom identical; one of the most charming climbing roses extant. (Stock limited.) 75 cents each.

SEE PRICE LIST, PAGE 2

ETOILE DE FRANCE JR. H. T. (Calif. Rose Co., 1911)

A sport from Etoile de France, originating on our grounds. Of stronger growth than the parent and more upright; foliage heavy and liberal and handsome in color and appearance. Bloom, very large, deep and full and we have not as yet heard of a section where it did not open up well and prove highly successful. Color, very deep crimson, more velvety and lustrous than the parent. Unusually fragrant. 50 cents each.

WE PAY THE EXPRESS

SUNBEAM. T. (California Rose Co., 1908)

New; of prime merit. Of free and spreading growth; foliage clean and good; light green; bloom of good size, extremely well moulded and shaped, deep, full—retaining its handsome buds until bloom is well matured, when it opens prettily and in good form. Color, light yellow, with a touch of copper at times, mingled with a salmon-pink during hot summer weather. In cooler climates with less penetrating sunshine we think this rose will bloom clear yellow at all times. 25 cents each.

QUEEN OF EDGLEY. H. R. (Floral Exchange, 1897)

A sport from the famous American Beauty and very similar in style to the parent variety. 50 cents each.

MAGNA CHARTA. H. R. (W. Paul & Son, 1876)

Old and very well known (1876). Pink suffused with carmine, full and globular. Foliage and wood light green, and highly ornamental when planted with other varieties; fragrant. 25 cents each.

BARON DE BONSTETTIN. H. R. (Liabaud, 1871)

A large flowering variety; very double and full; color, a rich dark red; very fragrant. 25 cents each.

CAPTAIN CHRISTY. H. R. (Lacharme, 1873)

A grand, hardy variety and free bloomer; flowers large, very double and beautiful; color, fresh, delicate pink with deeper shading in center of flower. Valuable for all sections. 25 cents each.

TR. DE PERNET PERE. H. T. (Pernet Pere, 1890)

A rose of all round good qualities; growth unusually clean, free from disease and a most persistent bloomer; flowers of good size and substance; color, red varying to dark pink. 25 cents each.

KING DAVID. H. T. (California Rose Co., 1910)

This is a sport produced on our own grounds from Vick's Caprice. Style of growth and foliage identical with its parent, while the bloom is a distinct and pretty shade of delicate pink; flowers are of good size, extremely full; highly fragrant. 25 cents each.

MADAME CECIL BRUNNER. P (Ducher, 1881)

Plant of dwarf growth, excellent for bordering. Color, salmon-rose. We think the most beautiful and lovely of the miniature roses. Very fragrant. 25 cents each.

FRANCISCA KRUGER. T. (Nabonnand, 1879)

A good grower and still quite popular style of flower very similar to Catherine Mermet; color, coppery pink, varied with lighter tints. 25 cents each.

AGRIPPINA. Bourbon. (Coquerrean, 1832)

An old, well-known sort. Pretty growth; best of foliage. Very profuse bloomer; color, dark red; lasting and fragrant. 25 cents.

BABY RAMBLER. P. (Leavasseur, 1903)

(Madame Norbert Leavasseur)

This new dwarf ever-blooming Rambler has created a great commotion throughout the whole country, and is a decidedly sensational variety. It blooms all the time, its clusters of rich crimson flowers completely hiding the whole plant. 25 cents each.

HOMER. T. (Robert, 1859)

Another old-timer, but still planted. Blush pink with blotches. 25 cents each.

QUEEN. T.

Pure white; flowers cup-shaped; free bloomer and nice bedder. 25 cents each.

CLASSIFICATIONS AND ABBREVIATIONS

CHEROKEE. Native of Carolina. Not entirely hardy.

RUGOSA. Robust growers and hardy. Natives of Japan.

PERNETIANA. Hardy except in severe climate.

AUST. BRIAR and HYBRIDS. Hardy.

H. N.—HYBRID NOISSETTE. Rather more hardy than Noisette.

A complete index is printed on page 2 of cover, which will enable one to readily refer to any desired variety.

ABBREVIATIONS. Following the name of each sort, will be noted the abbreviation denoting the class to which the variety belongs. By observing these and reading the following descriptions of such abbreviations anyone may intelligently make selections for all seasons and to suit any purpose.

BANKSIA. These varieties are tender and will not stand cold sections. Plants of slender, straight growth, free from thorns, with small foliage; flowers very small, but full and compact; violet scented.

B.—BOURBON. These are hardy, except in the coldest sections, and even in severe climates will stand well with winter protection. They are continuous bloomers and fragrant.

H. R.—HYBRID REMONTANT or HYBRID PERPETUAL. These are the hardest of the rose class and very many of them will stand the coldest section of the country. They are generally vigorous and easy of culture, producing large flowers, fine in form and usually fragrant; many of them are more fragrant than some of the highly prized Tea sorts. While they are not strictly perpetual or ever-blooming, no rose garden can be complete and satisfactory without a fair assortment of the best class of these roses.

H. T.—HYBRID TEA. These are produced from crossing Teas with Hybrid Perpetuals, and as a rule they are as free flowering and as constant bloomers as the Tea sorts. They are harder than the Teas, but as a rule not so hardy as the H. R's. Many of this class, however, are particularly hardy and a few very hardy. The La France is the oldest variety of the class.

T.—TEA. The Tea rose may well be taken as a synonym for all that is delicately beautiful. The most tender of the rose class; some varieties are of very delicate constitution and require especial care and treatment. As a rule they are inferior to the Hybrid Perpetuals in brilliancy of color and fullness of flower. This class is not suitable for garden culture in very cold sections, only during the summer months; they may, however, be potted in the fall and kept in the house during the winter, or they may be taken up with naked roots and stored in a frost-proof cellar, by simply covering the roots with dirt or sand, and planted again in the spring.

NOI.—NOISSETTE. A product of America, and obtains its name from Philippe Noisette, a florist of South Carolina. They are vigorous of growth, hardy as a rule, everblooming and have the general characteristics of the Tea rose.

POL.—POLYANTHA. An interesting group from Japan. The foliage and flowers are usually small; flowers produced in panicles. They are hardy, ever-blooming, and many of the sorts are extremely charming. Valuable for borders, pot culture, etc. **No pruning necessary.**

REMEMBER! WE DELIVER ROSES TO YOU ANYWHERE IN THE UNITED STATES

That it costs you nothing for transportation; we pay the express charges through to your express office. That it costs you no more for rose bushes than if you lived right at our door. See Price List, page 2.
